REGISTRATION FORM- LSRIA TRAINING COURSE

To register, complete this form and send it to us along with your course fee (\$500). The form can be printed, filled out in ink, and included with your check or photographed & emailed to us. It can also be completed electronically, saved, and emailed to us. We accept the payment options below; please check the one you will use. Make Zelle, Venmo, or Paypal payments to sportaviation@gmail.com.

Check by mail Zelle Venmo Paypal (please add \$15 seller's fee)

PLEASE NOTE THE FOLLOWING SPECIAL CONSIDERATIONS:

1. The course applies only to the experimental light-sport aircraft (ELSA) "class" indicated on the form below.
2. Sessions begin at 8:00 AM each day. Attendance at all sessions is required. A final test will be given with a minimum passing grade of 80%. If you pass the test, we will issue you a course completion certificate, but if you do not, you will have the opportunity to attend a future course.
3. Ownership of an ELSA is not required to take the course. Your course completion certificate does not expire; keep it in a safe location.
4. Enrollment is limited to a maximum of 16 students--those who register first. If you cancel your registration at least two weeks before the course, a full refund of the course fee will be provided.
5. To obtain your repairman certificate, you must present your course completion certificate, along with evidence of ownership of a certificated ELSA to your local FSDO. You must be at least 18 years old, be a U.S. citizen or permanent resident, and be able to read, write, and understand English.
6. The repairman certificate will authorize you to perform the annual condition inspection on only the ELSA(s) you own. It will not authorize you to perform the annual condition inspection on any other ELSA that you do not own, on any SLSA, on any experimental amateur-built aircraft, or on any type-certificated aircraft even if it qualifies as an LSA. To be certain your aircraft qualifies as an ELSA, read the FAQ section at the bottom of the LSA Repairman Courses page of the website listed above.

Course Location, Date, & ELSA Class: Covington Municipal Airport, GA- Oct 19-20, 2024- Airplane
